## PROFESSIONAL SUMMARY

With over 3 years of experience in Python full stack development, my passion lies in crafting innovative solutions and creating seamless user experiences. My journey in the world of programming began with a curiosity to explore the endless possibilities of technology. Since then, I have been on a continuous quest to enhance my skills and contribute to meaningful projects.

## ACCOMPLISHMENT

Designed and implemented a CRM application, empowering agents to initiate reverse pickup orders directly after customer confirmation, significantly reducing manual order assignments and enhancing efficiency.

## EXPERIENCE

### Assurify Technology Pvt Ltd

Apr 2023 – Dec 2024

#### Python Full Stack Developer

- Achieved the initial target and activated the purchased plans for the corresponding customers.
- Collaborated with cross functional teams and launched the B2B2C distribution portal.
